Children and caregivers can create a beautiful painting of fireflies together, with coaching from professional artists. All materials are included in the price of your ticket and families get a lovely canvas to take home at the end of their session! Each ticket costs \$10 and can be purchased at:

Light refreshments will be provided

Both affiliate events have accessible washrooms. Please stay tuned for our next newsletter for more information about Family Pride's Night at the Movies affiliate event

For the very young scientist, the Ontario Science Centre introduces... Eyes on the Skies, a Planetarium program for children under the age of 5 that inspires young children and their caregivers to look up at the night sky together!

This one-of-a-kind lively program introduces pre-school children to the night-time sky through singing, connect-the-stars constellations and a journey to the Moon. The program was designed especially for our youngest visitors and lasts no longer than 20 minutes to accommodate wandering minds and little feet.

All participants receive a certificate of landing on the Moon and a follow-up activity guide.

Please visit [www.ontariosciencecentre.ca](http://www.ontariosciencecentre.ca) for more information about this and other programs for you and your family.

**Family Pride site to be open  
Saturday June 28 and Sunday  
June 29, 10:00 a.m. to 5:00 p.m.**
